WhatsApp account back up to Google Drive

Why create a backup?

If your phone is lost or broken and you need to get a new one, you can restore old conversations to the new phone using a backup.

1 Open WhatsApp. Tap on three dots on the top right corner and select "Asetukset" or "Settings"

2 Select "Keskustelut" or "Chats"

3 Select "Varmuuskopiointi" or "Chat backup"

4 Select "Varmuuskopioi" or "Backup"

If you want to enable automatic backups, choose here how often you want to back up.

Restoring from backup

After you have downloaded WhatsApp on your new phone, WhatsApp will ask if you want to restore latest chat backup from Google Drive. Select "Restore" and old conversations will be restored to the phone.
