DIGITAL TIP Phone Calendar

Phone calendar

Your phone usually has a calendar app installed by default. You can also download one from Play Store or App Store.

Don't be late for important meetings, the calendar will remind you!

Mark appointments and other plans on your phone's calendar! You can also add reminders and information about meetings so you won't forget important things. Mark e.g. doctor's appointments, hobbies, appointments or other things to remember.

- Appointment or thing to remember
- When (Start and end time and date)
- Where (Place or address)
- Reminders
- Repeating
- Notes
